

Safe Thus Far

1. On this day of calm re - flec - tion, We lift up our hearts in praise;
2. Now we see the work a - round us— Look! The watch - man sounds His call!
3. Down the path that lies be - fore us Mor - tal eyes may not yet see;

We are here by Your pro - tec - tion, Guid - ed safe - ly through our days.
Opp - or - tun - i - ties sur - round us; Serv - ing You de - mands our all.
Yet Your prom - i - ses re - store us: Where You are, there we shall be.

Count - less roads that lie be - hind us Tell Your works in dis - tant lands;
Blessed with know - ledge, skill, and trea - sure, We will work with strength re - newed;
So where - ev - er You may take us, You our guide, our Morn - ing Star,

Lord, Your care can al - ways find us, Shelt - ered by Your gra - cious hand.
Tak - ing joy in Your good plea - sure, We com - mit our works to You.
We know You will not for - sake us; You have led us safe thus far.
